

New Opera 10C-8 illustrated with AMP10 arms, Schukra adjustable lumbar support and Z-rest optional extras.

# 10

## OPERA 10

Working with you throughout the day

With the OPERA 10 you have complete control of your posture.

- Unique ultra-smooth rocking action, with infinite lock.
- Unequaled ease of adjustment for the main chair controls, right by your side.
- Pebble controls 'finger-light' to lift and shaped to follow natural movement of the hand.
- New rocking action side tension lever .
- Upholstery design provides maximum support with outstanding comfort.
- Left hand controls option.

### **Knee Tilt Mechanism**

Patented knee tilt mechanism, gas activated for smooth natural rocking. Feet stay firmly on the floor. Less pressure on the thighs, stimulates blood flow to reduce fatigue.

# OPERA 10

## Movement and adjustment

### Pebble controls

Easy to reach triple array. Fingerlight to lift when seated. Clearly labelled with function. Soft touch silver finish standard, chrome finish optional extra.

### Rocking action

Freefloat or lock in any position. (+15° back to -10° front).  
Pivots at the front of the seat, "natural feel" to rocking action.  
Tension adjustable.  
Can be further enhanced by increasing the backrest angle.

### Backrest angle

Shapes tailored to specific statures giving correct pelvic and lumbar support.  
Fix at any angle: (+20° back to -12° front)  
Adjustable air cell lumbar support fitted as standard.

### Backrest height

Height adjustable (range 10cm).

### Seat slide

Depth range 3cm – Models: 10-4.  
Depth range 6cm – Models: 10-5 and 10-8.

The above chairs are illustrated with arms, Schukra lumbar support and headrest optional extras.

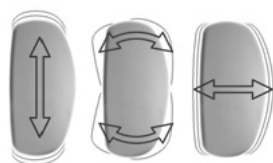

### Arms

AMP10 arms (optional extra): multi-positional pads with black stems, chrome stems are an option (AMP10C, illustrated above).  
Height adjustable over 10cm.  
Easy width adjustable (4cm each side) by lever. Easily removed or interchanged.

The arms can be reversed where extra short arms are required, code AMP10REV.

### Arm pads

The AMP10 armpads have six click stops front-to-back, five side-to-side and rotate positions. They auto lock when straight.

### Quick check
