# New OPERA 60

## Movement and adjustment

**Lever controls**  
The levers are colour coded and diagrammed with function.

### Seat tilt

Free float or fix in any position (+8° back to -6° front).

### Backrest angle

Shapes tailored to specific statures giving correct pelvic and lumbar support.  
Fix at any angle: (+15° back to -10° front)

### Backrest height

Height adjustable (range 10cm).

### Seat slide

Depth range 50mm: 61, 62 and 64.  
Depth range 60mm: 65 and 66.

The above chairs are illustrated with AMP10 arms, Schukra lumbar support and Mini Z-rest optional extras.

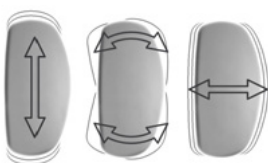

### Arms

AMP10 arms (optional extra): soft multi-positional pads with black stems.  
Height adjustable over 10cm.  
Easy width adjustable (4cm each side) by lever. Easily removed or interchanged.

The arms can be reversed where extra short arms are required, code AMP10REV.

### Arm pads

The AMP10 armpads have six click stops front-to-back, five side-to-side and four rotate positions. They can be rotated 180° for 'D' shape in or out and auto lock when straight.
